

DATASHEET

Codice/cod.	DEF040-DEF040A
Product:	DEFIBRILLATOR CABINET
Marcatura CE:	

SIZE:

425 x 425 x 180 mm

DESCRIPTION:

Display case available in a version without alarm (DEF040) or with alarm (DEF040A).

Suitable for all defibrillators: DEF001, DEF050, DEF021

Made of galvanized PO₂ carbon steel sheet; epoxy-polyester powder coating white RAL9010; passage in thermal tunnel 180°C. 1 windowed door, hinges with a galvanized pin, 180° opening; pad-lockable seal closure in nickel-plated zamak; pre-drilled for attachment to the wall and to a special PIA040 stand.

In the DEF040A display case with alarm, the alarm is via a keyboard fixed inside the cabinet. It is a magnetic 100db audible alarm with an arming and disarming system via keyboard command. The alarm batteries are 3 LR44.
